

Marathon Walk Stonehenge

Duration: 1 days

Join us on our rural marathon walk, taking in the world-famous sights of Stonehenge and Salisbury Cathedral as we trace a 26-mile route through the Wiltshire countryside.

This challenging day sees us setting off early from our atmospheric event hub, and takes us first through the market Town of Salisbury with its iconic Cathedral before heading into the rolling hills of Wiltshire. Wooded Valleys give way to the open expanse of Salisbury Plain as we approach the world-famous stone circle of Stonehenge. More valleys and woodland see us return to our start point and the completion of this fantastic challenge.

This is a tough event over the rolling downs and steep valleys that lie between Salisbury and Stonehenge. At 26 miles, it provides an enormous challenge for walkers but a huge sense of achievement!

DETAILED ITINERARY

Day 1: Marathon Walk Stonehenge

We meet early for registration and a briefing, and set off! Our challenging day starts at the foot of Old Sarum, an impressive Iron Age hillfort to the north of Salisbury. We can see Salisbury Cathedral ahead of us – at 404ft, the spire is the highest in the UK – and we head towards it on a well-used footpath. A long drag then takes us uphill onto an old ridge commanding great views over the surrounding farmland; we follow this ridge for some miles before dropping down steeply to ancient woodland, where a Roman Road cuts through the beech and oak trees; there are tales of ghostly Roman soldiers seen here!

More steep dips and climbs follow as we cross the chalk valleys, then come to more gently rolling farmland dotted with earthworks and burial mounds. There is very little flat on this route, but the steepest hills are behind us! It's not long before we enjoy the views across to Stonehenge and the flat backdrop of Salisbury Plain. Then heading

south, we cross the River Avon and walk roughly parallel to it through farmland and small villages, enjoying the views of a very traditional rural England. A gradual uphill track then brings us back through farmland; we can see the distinctive steep circular banks of Old Sarum ahead of us, and we walk round part of the outer ring back to our start point.

There will be refreshments at the end and time to relax before saying our farewells.
