

## Grand Canyon To Las Vegas Cycle

Duration: 8 days

At 277 miles long, 18 miles wide and in places one mile deep, the Grand Canyon is a breath-taking sight. Celebrating 100 years of the National Parks Service in 2016, the Grand Canyon and its surroundings offer wonderful cycling and a memorable challenge!

This exciting ride offers fabulous views not just of the Grand Canyon, but the colourful desert, rocky gorges and forested plateaus around it. Passing historic towns on the iconic Route 66, this is a fascinating ride with some challenging climbs and fabulous long descents, culminating on the famous Sunset strip in Las Vegas.

### DETAILED ITINERARY

#### Day 1: London – Phoenix – Cameron

Depart London bound for Phoenix, capital of Arizona. On arrival we transfer to Cameron (approx 3.5 - 4 hours' drive) and check into our hotel, have dinner and relax! Night hotel.

#### Day 2: Cameron – Grand Canyon

Our ride starts straight from Cameron, the ancestral lands of the Native American Navajo Nation. The views are amazing right from the start, as we enjoy a fairly flat warm-up before the hills! We pass the Little Colorado River gorge with its striking desert watchtower, and pass a Native American trading post. We pedal through this colourful desert and gorge landscape, climbing to one of the highest points on the South Rim of the Canyon, where the views are worth every pedal stroke! We can then enjoy a relatively flat ride, finishing along the rim of the Grand Canyon to the Grand Canyon National Park Village. Night hotel.

**Cycle approx 51 miles**

---

### Day 3: Grand Canyon – Williams

The spectacular views stay with us all day today, as we enjoy possibly one of the most scenic bike rides in the world – the West Rim Road, which allows us to soak up unobstructed views of the Grand Canyon and the Colorado River. The vibrant colours of the rock layers against the blue sky ensure plenty of photo-stops! Passenger vehicles are not permitted along this section and it's a memorable ride. It's another hilly day, though we enjoy a fabulous descent of roughly 10 miles to our halfway mark. We then climb again through shady pine forests towards Williams, a historic town on Route 66, named after a renowned 'mountain man' and still with a western pioneer town feel. Look out for the famous Grand Canyon steam train; the railway and station buildings date from 1901 and give an authentic taste of the Old West. Night hotel.

**Cycle approx 74 miles**

---

### Day 5: Kingman – Hoover Dam

The descents far outweigh the climbs again today, though we first conquer Coyote Pass, with fabulous views. We descend through beautiful landscapes again, seeing Lake Mead, our destination, from many miles away. We pass more western-themed burger bars and cafés, and can stop to sample roadside jerky! After a steady downhill ride for miles, we come to more rolling roads which bring us to Hoover Dam, built in the 1930s on the Colorado River to form Lake Mead. Night hotel.

**Cycle approx 72 miles**

---

### Day 6: Hoover Dam – Las Vegas

A shorter day today, as we cross into Nevada and ride round the shores of Lake Mead, one of the largest reservoirs in the United States. Much of our route is on cycle lanes and traffic-free, though there are still some hills! Our lakeside ride forms areal contrast with the rocky desert landscapes we have crossed ... and the biggest contrast is to come! Leaving the lake and heading west through the suburbs, we come to Las Vegas, entertainment capital of the world! Finishing on the famous Strip itself, this couldn't contrast more with our journey here! It's not subtle, but it is great fun. On arrival we are free to relax and explore – check out the famous sound-and-light fountain shows, fake erupting volcanoes, Elvis impersonators and replicas of everything from the Eiffel Tower to the Sphinx! We enjoy a slap-up meal to celebrate our achievements of the past week. Night hotel.

**Cycle approx 51 miles**

---

### Day 7: Depart Las Vegas

We are free to explore or relax until we transfer to the airport for our international flight home.

(Lunch not included if not in-flight)

---

### Day 8: Arrive London

## GRADE | ORANGE

All our trips are designed to provide a challenge. Trips are graded Yellow, Orange or Red, in increasing level of challenge. This trip lies within the **ORANGE** range.

The grade is determined by factors such as terrain, distance, climate, altitude, etc. Each colour grade has a **spectrum** which reflects the difficulty of these factors. Trip duration, accommodation and living conditions are also taken into account. Some sections will feel more challenging than others, but the grade reflects the overall trip. Unusual weather conditions can also have a significant impact.

The Accommodation icon indicates the living conditions while trekking/cycling. While there are usually several factors that present a challenge, the Challenge icon indicates the trip's most challenging element, for most people.
