

Trek Kilimanjaro

Duration: 10 days

Climb the highest freestanding mountain in the world! Kilimanjaro is the highest mountain on the African continent at 5895m. Its snow-capped summit rises high above the dusty African plains; huge permanent glaciers flow down from the summit, spectacular views and beautiful ice formations are the reward for pushing your limits both physically and mentally.

Our Kilimanjaro summit success rate is on average **85-90%**, but experience tells us the mountain always has the final say. Altitude is the great leveller, and sometimes it throws a curveball, no matter how fit or prepared you are. We focus on safety and expert support using our decades of experience to ensure every climber can face their own challenges, push their limits, and finish feeling proud—summit or not.

This trip generates around **178 kg of CO₂ per person**. Because of our commitment to responsible travel, **we offset 100% of these emissions**, including flights booked with us.

DETAILED ITINERARY

Day 1: Depart London

Day 2: Arrive Moshi

Arrive at Kilimanjaro International Airport; transfer to Moshi town, where we can admire the views of Kibo, the crater at the summit and the youngest of Kilimanjaro's three volcanic cones. We check in and relax, with time to sort out our kit for tomorrow before dinner and a briefing. Night hotel.

Day 3: Machame Gate – Machame Camp

One hour's drive from Moshi lies the gate to the Machame route, where we complete park formalities, meet our crew of porters and start to climb! The first section of the route climbs steadily and passes through magnificent, dense rainforest. This path is less well-trodden so it can get somewhat overgrown in places and it is often wet and muddy underfoot. Night camp: Machame Camp (3100m).

Trek approx 18km / 5-7 hours

Day 4: Machame Camp – Shira Caves

Our route continues on up through the forest until we reach the steep ascent onto the Shira Plateau, where there are rewarding views of the mountain. Looking back, you will be able to see Mt Meru rising high above Arusha town in the distance. Night camp: Shira Caves (3840m).

Trek approx 9km / 4-6 hours

Day 5: Shira Caves – Barranco Hut

Walking now on high moorland, the landscape changes the entire character of the trek. We traverse the southwest side of Kilimanjaro, passing underneath the Lava Tower and the final section of the Western Breach and finally reach camp at Barranco Hut (3900m), a tin shack where we pitch our tents. The day has been spent at altitude (up to 4600m), but we have followed the mountaineering code of 'walk high, sleep low' to aid your body's acclimatisation to altitude. Night camp: Barranco Hut (3900m).

Trek approx 15km / 8-10 hours

Day 6: Barranco Hut – Barafu Camp

Our day starts by descending into the Great Barranco, a huge ravine. We then exit steeply, up the Great Barranco Wall, which divides us from the southeastern slopes of Kibo. It's a climb over rock, not technical, but long and tiring. Passing underneath the Heim and Kersten glaciers, we head towards the Karanga valley, which is our last stop for fresh water before the summit. Scree now forms the terrain as we walk through arid and desolate land towards camp. Night camp: Barafu Camp (4600m).

Trek approx 18km / 7-9 hours

Day 7: Barafu Camp – Summit – Millennium Camp

We avoid walking too long in the heat of the sun today by starting while it's dark, and walk steeply upwards to the summit glaciers. We will be climbing scree for 4 to 5 hours but gain incredible height over a short distance. The views are spectacular. We should be on the crater rim at Stella Point (5739m) as the first rays of the sun hit us. Spectacular ice cliffs within the crater surround us and the views to jagged Mawenzi – Kilimanjaro's secondary but more technical peak – and beyond are breathtaking. Another hour's walking takes us to the summit, Uhuru Peak

(5895m); Uhuru means freedom in Swahili. We begin our descent by returning to Stella Point and then descending on scree slope and track back to Barafu Camp for breakfast, before finally heading down to camp for a long well-earned rest. On our descent we have fabulous views of the plains and Mawenzi. Night camp: Millennium Camp (3720m).

Trek approx 20km (7km climb); 10 – 12 hours

Day 8: Millennium Camp – Mweka Gate – Moshi

A gentle trek takes us down through the rainforest to Mweka Gate, where we complete park formalities and receive certificates, which you can hang up with pride! We are then met by our vehicles and return to the hotel in Moshi, where you can treat yourself to a welcome shower (and a cold beer or two!) before our big celebration. Night hotel.

Trek approx 10km; 5 hours

Day 9: Free time Moshi; Fly to London

Moshi has some great markets and areas to explore, or just relax with your fellow achievers. Flight times vary, but we will re-group at the hotel in time to transfer to the airport for your flight home, arriving Day 10.

(Breakfast included with overnight stay; lunches and dinners not included)

Day 10: Arrive UK

WHAT'S INCLUDED

- Return flights from London to Moshi
- All known airline taxes
- Transport and transfers as part of itinerary
- All accommodation on twinshare basis - hotels and camping
- Group camping equipment
- All meals except where specified
- Discover Adventure crew (number dependant on group size)
- Local guides, cooks and porters
- Back-up equipment and support
- Entry permit to National Park
- **We offset 100% of the carbon emissions from your trip, including flights booked with us**

WHAT'S EXCLUDED

- Tanzania entry visa
- Travel insurance
- Any meals specified 'not included' in the itinerary

- Sleeping bag and sleeping mat
- Personal spending money, souvenirs, drinks and tips for the local guides/support crew
- Fees for any optional sites, attractions or activities
- Any applicable charges as per Terms and Conditions

GRADE | RED

All our trips are designed to provide a challenge. Trips are graded Yellow, Orange or Red, in increasing level of challenge. This trip lies within the **RED** range.

The grade is determined by factors such as terrain, distance, climate, altitude, etc. Each colour grade has a **spectrum** which reflects the difficulty of these factors. Trip duration, accommodation and living conditions are also taken into account. Some sections will feel more challenging than others, but the grade reflects the overall trip. Unusual weather conditions can also have a significant impact.

The Accommodation icon indicates the living conditions while trekking/cycling. While there are usually several factors that present a challenge, the Challenge icon indicates the trip's most challenging element, for most people.
