

NGORONGORO CRATER SAFARI

ABOUT THE CHALLENGE

A trip to East Africa is not complete without seeing some of the wildlife and scenery synonymous with the great open African Plains. We are therefore offering you the chance to unwind on safari after the exertions of your Kilimanjaro trek!

We visit the famous Ngorongoro Crater, Tarangire National Park and Lake Manyara National Park, all of which offer stunning scenery and the chance to see the big five: lion, elephant, buffalo, rhino and leopard, as well as giraffe, zebra, hippopotamus and many species of antelope, monkey and smaller mammals and birdlife.

You will stay in safari lodge accommodation, on a twin-share basis with good facilities including mosquito nets, solar-heated showers, and local guides and cooks to look after you. The guides are very knowledgeable about the flora and fauna you encounter, and will do their utmost to make sure you experience as much as possible of their wildlife, scenery and culture. This is a great way to fully round off your African experience!

The downloadable itinerary gives you an idea of the main regions you will visit on safari, but please bear in mind that your guides will vary the exact locations you go to depending on local conditions and wildlife sightings. The actual itinerary is designed to be very flexible to maximise your time spent watching wildlife.

Min 3 pax - £75 supplement for 2 pax

- **3 DAYS**

Day 1: Tarangire National Park

(main group departs Moshi)

We set off in the early morning (approx 8.30am) from Moshi, heading across the Rift Valley towards Tarangire National Park, famous for its large elephant population. The Park also boasts an impressive array of birdlife and we spend the afternoon on a game drive exploring the park.

Breakfast, lunch and dinner provided. Safari lodge accommodation.

Day 2: Ngorongoro Conservation Area

An early start (approx 7.30am) takes us to the rim of Ngorongoro Conservation Area. Named after the sounds made by the Masai tribes' ear adornments, Ngorongoro is the sunken crater (known as a caldera) of an extinct volcano that forms a perfect natural depression keeping the resident animals enclosed. Here we are guaranteed to see big game close up: lion, buffalo, wildebeest, zebra and elephant to name but a few. We spend the whole day inside the crater with an extended lunch stop which mirrors the activity of the animals by staying out of the midday sun! This is a truly incredible experience and not to be missed. We leave the park at around 5pm.

Breakfast, lunch and dinner provided. Safari lodge accommodation.

Day 3: Lake Manyara National Park

A very early start (05:30) sees us dropping back down into the Rift Valley to visit Lake Manyara National Park, famed for

its tree-dwelling lions! Once inside the Park we drive to an elevated view point for a spot of breakfast and to watch the sun rising over the plains below - incredible! After a game drive around the park (keeping an eye out for any wagging branches) we return to our camp for some lunch and maybe a little siesta! In the afternoon we return to Moshi via the craft markets and stalls of Mto wa Mbu. If time allows we will stop off at a snake park along the way. We will arrive back at around 6:30pm and spend one final night in Moshi.

Breakfast and lunch provided. Provide own dinner. Hotel accommodation.

Day 4: Depart Moshi

Depending on flight schedules, enjoy some free time to relax or explore before transferring to Kilimanjaro International Airport and the flight back to London.

Breakfast provided. Provide own lunch.

Day 5: Arrive UK

Land back in the UK, own transport arrangements home

Important Information

Extension requires a minimum of 4 people to operate

To operate this for 2 or 3 people a supplement of £75pp will be payable

NB: If usual accommodation is unavailable, we will discuss alternative options with you
