ABOUT THE CHALLENGE

This challenging trek in Patagonia is sure to make you feel like a pioneer!

We travel to Aysen, the most sparsely populated region of Patagonia, dominated by spectacular icefields, snow-capped peaks, and impossibly-blue glacial lakes. Our adventure starts on the shores of Chile’s largest lake, Lago General Carrera, and takes us on remote gaucho trails between lakes and glaciers, climbing to passes with spectacular views of Patagonia’s highest peaks, and getting up close to rushing rivers and tranquil lakes, while on the shores of Lake Leones we witness icebergs breaking away and bobbing on the water.

To appreciate the sheer force of nature, look no further than this panorama-packed gem of a trek in remote Patagonia.

PRINCESS ALEXANDRA HOSPITAL NHS TRUST PATAGONIA ADVENTURE  •  10 DAYS

Day 1: Depart London for Santiago
Day 2: Santiago – Balmaceda – Lago General Carrera
We arrive in Santiago and take an internal flight south to Balmaceda in Northern Patagonia (approx 2.5 hours). We then drive the Carretera Austral, Patagonia’s well-known long-distance road, through landscapes that whet our appetite for the days to come. We finally arrive at our wonderful purpose-built lodge overlooking Lago General Carrera, and relax! Night lodge.

Drive approx. 5 hours

Day 3: Veranada Warm-up Hike
Today’s trek is a superb leg-stretcher and serves as a great way to recover from the travelling and orientating ourselves with our new surroundings. We set off from the lodge and walk steadily uphill through forest towards the Veranada, a small mountain that dominates the lake and provides wonderful panoramic views over the region. We can see across to the Northern Patagonia Icecap, including the Leones Glacier which we will see in close-up later this week; Mount San Valentin (4058m), Patagonia’s highest peak, looms in the distance. On the way we look out for the sea fossils, which testify to the origins of the Andes mountain range. Returning to the lodge the same way, we relax for the rest of the day. Night lodge.

Trek approx. 3-4 hours

Day 4: Lago General Carrera – Estancia Meliquina
A short transfer takes us to our trek start point, where we set off for Lago Meliquina. The walking is relatively gentle at start, but soon climbs steadily to a pass, where we get our first glimpse of the lake. Its deep blue waters contrast richly with the hanging glaciers of the mountains surrounding it. We then descend into this remote, adventurous and beautiful landscape, where the remote paths are trodden mainly by local gauchos. We follow the spectacular Leones Valley into camp, part of a gauchito estancia (ranch). Night camp.

Trek approx. 7-8 hours

Day 5: Estancia Meliquina – Lago Leones
A stunning route awaits us today, on rough paths undulating deeper into the mountains, to the stunning situated Lago Leones. This lake is considerably larger than Meliquina, its waters a stunning blue-green from the dramatic glacier that carves its way down from the ice cap, splitting into three rivers of ice that spill into the lake. After soaking up this impossibly scenic setting, we head to our camp, where if time permits, we will explore our local surroundings. Night camp.

Trek approx. 6-7 hours

Day 6: Leones Glacier & Lago Fiero
An easier morning, as we cross the lake by boat for a close-up look at the Leones glacier, hopefully witnessing the impressive sights and sounds as chunks of ice are calved into the waters of the lake. It’s an unforgettable experience.
After lunch back at camp, we enjoy an afternoon trek through Rio Fiero valley to Lago Fiero, where there are wonderful views of ice bergs floating on the glacier lake; after plenty of time to savour the views we head back to camp. Night camp.

**Trek approx. 4-5 hours**

---

**Day 7: Punta Camello Hike**

The scenery has been incredible so far, but today’s final hike ramps it up even further! Consequently, we have two options for trekking today, one of which is especially demanding and weather conditions can make it unfeasible; with more demanding and exposed terrain, individual ability is also a factor and the group may split. This tougher route is a very challenging day on foot, with a height gain of almost 1000m, as we climb up through the forests of the valley, out of the treeline and into the stark world of the glaciers. Punta Camello (1320m) is our small summit, dominated by the world of ice surrounding it, and we are treated to unparalleled panoramic views of the vast icefield, mighty glaciers and jagged mountain peaks including Mount San Valentin. The alternative option takes us up to the glaciers beside Lago Leones, before we set out to explore the valley leading to Lago Cachorro, a narrow jewel of a lake snaking between the mountains. Night camp.

**Trek approx. 7-10 hours**

---

**Day 8: Lago Leones – Lago General Carrera**

We leave camp behind and walk out of the Leones valley to meet our waiting vehicles. As we make our way to Lago General Carrera, we should have time to break our journey at the stunning water-sculpted rock formations of the Marble Cathedral, a beautiful series of caverns eroded over thousands of years by the glacial waters of the lake. After enjoying the incredible shapes, and their photogenic reflections in the blue waters, we continue our journey to the lodge, where the hot tub and sauna will make short work of any aching muscles! After time relaxing, we enjoy dinner looking out over the views for our last evening in Patagonia. Night lodge

**Trek approx. 3-4 hrs; Drive approx 3 hours**

---

**Day 9: Lago General Carrera – Balmaceda – Santiago; flight departs**

Leaving the lodge behind, we head to the airport at Balmaceda, for a morning flight to Santiago. Once in Santiago we connect onto our international flight.  

*(Dinner not included if not in-flight)*

**Drive approx. 5 hours**

---

**Day 10: Arrive UK**

**CHALLENGE INFORMATION**

**DETAILED INFORMATION**

**Flight Information**
Group flights leave from London Heathrow or Gatwick on scheduled airlines and are booked through Discover Adventure Ltd under ATOL licence 5636. By travelling with Discover Adventure you are protected by the Civil Aviation Authority (CAA).

Your journey may involve a transit en route, details of route and flight times will be confirmed several months before departure. We do not always use the same airline for each destination; if you wish to know the probable carrier and flight times, please call for details. You will usually receive confirmed flight details several months before departure. Our itineraries are always based on current flight schedules and are therefore subject to change by the airline. If you prefer to book your own flights please ask us for a land-only cost.

**Roomshare Arrangements**
Accommodation is usually on a twin-share basis in hotels or camp. Occasionally we may use hostel-style accommodation. Please tell us if you know somebody else on the trip that you would like to share with and we will try our best to accommodate your request. If you don’t know anyone else in the group don’t worry, we always pair you up with someone of the same gender, and a similar age where possible. We do not charge a single supplement if you are a solo traveller in a shared room.

**Accommodation**
When trekking we camp in two-man expedition-style tents (ie sleeping-room only!) Campsites vary; some are quiet, remote and quite basic; others are busier with better facilities. At more remote camps the water may be invigoratingly cold! The views are wonderful everywhere! Hotels at start and end of trip are 2-3* standard or equivalent.

**Food & Dietary Requirements**
The food provided is plentiful, often local in style and freshly-cooked, and will give you plenty of energy. Sometimes we enjoy a buffet-style lunch-stop, other times we might have packed lunches. On some trips we stop at small local restaurants. Dinners are generally eaten in camp or at the hotel, depending on accommodation. In some regions there may be less variety than you are used to, and in others fresh meat or produce can be harder to come by. Any meals not included are listed in the itinerary and are generally on travel / free days, giving you the opportunity to explore and try other culinary experiences! There is always something to suit different budgets.

Being vegetarian or having other dietary requirements is not usually a problem provided you let us know well in advance. Please do not expect as much variety as you would have access to at home – we may be in very rural or remote areas and among people of a different culture who may not understand your requirements, however willing they are to help. If you know there are plenty of foods you cannot eat we strongly recommend you bring extra snacks from home so you can top up your energy supply. Please feel free to ask us for advice.
Leaders & Trip Support
Your trip will be led by experienced Discover Adventure leaders. Our leaders are selected for their experience in harsh wilderness environments, knowledge of travel in remote areas, friendliness and approachability, sense of humour and ability to safely and effectively deal with any situation that arises. They are also trained in expedition first aid. You are in very safe hands with a Discover Adventure leader. Usually leaders are based in the UK or other English-speaking countries and lead for us regularly throughout the year in many different countries. In some instances, trips are led by in-country guides with a wealth of knowledge about the region; they have been trained by us to provide the level of support expected on a Discover Adventure trip.

Trip Doctor
An expedition doctor or medic accompanies the group (dependent on group size.) Their role is to look after the well-being of the whole group and deal with any incidents. They help the leaders to ensure the trip runs smoothly, and encourage you when things get tough. The total number of crew looking after you will depend on the final size of your group, but at Discover Adventure we pride ourselves on our high leader: participant ratio and believe it leads to greater trip enjoyment as well as excellent trip safety.

Local Support Crew
Our local support crew is made up of local guides, assisted by drivers, porters, cooks and other support staff, depending on the type of trip. Local guides know the area well, and are a great source of knowledge about local customs and lifestyles. Not all support crew will speak English well, but are very friendly and approachable. The Discover Adventure crew work closely with the local crew to ensure your trip runs smoothly and safely.

Your leader will arrange a collection of tips for the local support crew at the end of your trek, and you will be provided with a guideline amount in advance. Tipping is not obligatory, but once you see how hard they work on your behalf you will be happy to donate something! All our local crew are paid wages, but bear in mind that the average wage in many countries we travel to is far below what you would spend on a normal night out.

Luggage
Your luggage, food, water and equipment is transported for you from one night-stop to the next. If there is easy road access this is done by vehicle; if not porters, mules or even camels might carry your bags, depending on the destination and terrain.

Space is limited and hard-sided luggage is not suitable, so it is essential that your kit is packed in a soft bag, rucksack or expedition kitbag. Ask us about our specially-designed low-cost kitbags if you don’t have one already. You should also bring a small daypack to carry for items needed during the day as you will not have access to your main luggage until the evening.

Trip Safety
Your safety, and that of the rest of the group, is our highest priority. Our trips are designed and planned with safety in mind. Your crew will be equipped with communication devices [eg phones, radios and/or emergency satellite phones], medical kit and other safety apparatus appropriate to the destination. Our leaders always have access to our 24-hour
emergency UK back-up. They are responsible for safety on the trip, and will make any changes to the itinerary they deem necessary, should local conditions dictate. Pre-trip administration - such as medical questionnaires and travel insurance as appropriate - is all done with your safety in mind.

Foreign Travel Advice
For the latest travel advice from the Foreign & Commonwealth Office including security and local laws, plus passport and visa information, check [www.gov.uk/foreign-travel-advice](http://www.gov.uk/foreign-travel-advice).

Group Size
Your booking is part of a group challenge, and the tour costs and fundraising targets listed on our website are based on a minimum number of participants which is shown on the challenge. Our typical groups run with approximately 20-30 participants; however you may find your group is smaller or larger than this.

We will confirm at least 12 weeks prior to departure that your challenge is guaranteed to run. Occasionally it may be possible to still run the challenge with less than the minimum numbers, subject to a small group supplement. If we think a small group supplement may be necessary, we will discuss this with you as soon as possible, usually 5 months before your departure date.

Minimum numbers and group sizes may vary on Bespoke Charity challenges. If you are booked onto a bespoke challenge please contact your charity for full details.

Cancelling your booking
In the unfortunate circumstance that you need to cancel your booking, we would ask that you notify us in writing either by post or email. Your cancellation will be considered effective from the date the notice is received. Registration fees, amendment fees and insurance premiums are non refundable and, depending on your payment option and how close it is to your challenge departure date, you may be liable for a cancellation charge.

Full details of all cancellation charges may be found in the Terms and Conditions of booking.

PREPARING FOR THE CHALLENGE

Clothing
We plan our trips around the optimal weather conditions, but could still be exposed to bad weather at any time. It is vital you are prepared for all conditions. We provide you with a detailed packing kit-list on registration, as well as details on useful discounts you are entitled to as a Discover Adventure customer. We are always available if you need advice.

Fitness Levels
This is designed to be a challenge, and it is vital that you train sufficiently for it. We will supply you with a thorough training guide once you have registered. We expect all participants to train hard in advance, but we respect everyone’s
limits and do not expect everyone to maintain the same pace. Inadequate training is likely to have an impact not just on your chances of completing the challenge, but enjoying it too - and we want you to have the time of your life!

Our challenges attract people of all levels of experience, fitness and ability as well as all ages and backgrounds. We design our challenges so that everyone can go at their own pace: this is not a race. If you have concerns about your fitness or if you have reduced mobility please do contact us for a confidential chat about whether this challenge is appropriate for you.

For logistical and safety reasons we sometimes need to re-group, so the front-runners may find themselves waiting for the slower ones. Please relax, and remember that this is a team effort that enables people to achieve their personal goals and earn sponsorship.

---

**Travel Insurance**

Travel Insurance is compulsory on our challenges; we strongly suggest that you arrange insurance cover as soon as your booking with us is confirmed. Should you need to cancel on medical grounds, you will need insurance to cover the costs involved (registration fee and any trip costs depending on cancellation date).

You should also ensure that you have adequate cover for the type of challenge you are taking part in as well as medical emergencies, evacuation and repatriation.

You can obtain a quote with Insure to Travel from our website [here](#), or you may choose to take out your own travel insurance, just remember to let us know the policy number and emergency phone number!

For more information about travel insurance, please click [here](#).

---

**Passport & Visa / Vaccinations**

Entry requirements vary depending on your destination and nationality. It is your responsibility to ensure your passport is valid, and any visas are obtained in good time. Check the [FCO’s advice](#) on entry requirements for your destination to be sure. To find out if you need a visa you can check your requirements using our partner, Visa Machine, website [here](#); please ensure you allow plenty of time.

Your routine UK schedule of vaccinations should be up-to-date (especially tetanus). We recommend you check [Fit For Travel](#) for further details. You should always check with a GP or travel clinic for up-to-date travel health advice as it does change.

---

**Cultural Differences**

For most people, the main attraction of travelling to a different country is to see new sights and enjoy new experiences. Sometimes those new experiences can make life harder or more inconvenient than you may like, such as toilet hygiene or different food, or simply a different attitude to solving problems. This is all part of the challenge you are signing up for!

We are very privileged to live in a country with a high standard of living, and travelling exposes us to different challenges – all of which help broaden our horizons. We can guarantee that coming face-to-face with experiences outside your normal “comfort zone” will help you bond with your fellow participants and provide you with plenty of things to laugh about! A sense of humour and sense of adventure are two of the most important things to bring with you!
TREK TRAINING WEEKEND

£170 Special Offer - Only when you book at the same time as registering for your main challenge

Discover Adventure Trek Training Weekends take place in Snowdonia National Park, Wales. This training weekend is designed to put you through your paces to enable you to gauge fitness levels and gain advice from our experienced leaders.

GRADE | ORANGE

Trips are graded Yellow, Orange or Red, in increasing level of challenge. This trip lies within the ORANGE range.

The grade is determined by factors such as terrain, distance, climate, altitude, etc. Each colour grade has a spectrum which reflects the difficulty of these factors; trip duration, accommodation and living conditions (see icon) are also taken into account.

Trip grading explained

Discover Adventure reserves the right to change the route or itinerary for safety reasons should local conditions dictate.

Please note: This document was downloaded on 2 Jun 2019, and the challenge is subject to change.
