

Trek Sri Lanka

Duration: 9 days

Little can rival Sri Lanka's variety. From rice paddies, high grasslands and emerald-green tea estates, to dense forest and golden tropical beaches, the Island of Serendipity is renowned for its natural beauty, rich wildlife and fascinating culture.

Our trek takes us through the Central Highlands, a UNESCO World Heritage Site for its biodiversity, on little-trodden trails through the plantations and wild forests that blanket the steep, green slopes. We pass tumbling waterfalls and marvel at the colourful tropical birds and butterflies that flit through the lush vegetation. Within the Highlands lies the Knuckles Mountain Range, named for its likeness to a clenched fist; at 1900m, Knuckles Peak is our highest point. The isolated communities of local farmers and tea planters offer an authentic glimpse into everyday life, though you're more likely to see monkeys or majestic eagles than other trekkers.

On an island dotted with UNESCO World Heritage Sites, we also make time for two of the most renowned - the ancient rock fortress of Sigiriya, and the serene Temple of the Tooth in Kandy, where we finish our trek. All combined, this is an irresistible trek in one of the friendliest countries in the world – you will not want to leave Sri Lanka!

DETAILED ITINERARY

Day 1: Depart London

Day 2: Arrive Colombo; transfer to Sigiriya

Arriving at the international airport near Colombo, we transfer straight to our comfortable hotel in Sigiriya, where we can freshen up and prepare our kit for tomorrow's trek. There will be a full trip briefing in the evening over dinner. Night hotel.

(Lunch not included)

Drive approx 4 hours

Day 3: Sigiriya - Lion Rock - Gammaduwa

An early start takes us to the impressive rock fortress at Sigiriya, also known as Lion Rock. A 5th-century royal palace and castle combined, the engineering on this huge monolith is extraordinary. One of Sri Lanka's highlights, it also makes a perfect trek warm-up as we slowly ascend the 1200+ steps to the top. We drive south to the small village of Andawala, the start point of our trek, where we have the opportunity to receive a traditional good-fortune blessing from Buddhist monks at the village temple. Our trek begins on small paths, which lead out across paddy fields fringed by palm trees. Irrigation streams lead us into forest where pepper, cotton and cocoa trees vie for space with wild forest; look out for jackfruit and mango too. We ascend beside a small waterfall and pool, and continue gently uphill, crossing a stream before stopping for a rest at a small village. Wider tracks then take us through the hills, with wonderful views, into shady pine forest and finally a small tea plantation, before we arrive at our picturesque forest site. A hot cup of local tea awaits! Night camp.

Drive approx. 1.5 hours, trek 3 – 4 hours (9.5km)

Day 4: Gammaduwa - Riverston

Our scenic, hilly day starts in cinnamon plantations as we follow wide, gradually-ascending pine-shaded trails. Inspiring views open up across verdant forest as we contour around the hills towards Kargastene, a completely isolated settlement supporting only one small farming family. We trek across a brief stretch of grassland with great views back over our route, before heading into jungle-like forest. A narrow path takes us steeply downhill before emerging at paddy fields; here we follow irrigation channels to a series of idyllic pools – a perfect place to rest and cool off. After lunch at a temple in the village below, we head uphill again, on a little-used path which threads steeply up through dense forest, crossing numerous streams. The challenge ramps up here, but we finally emerge onto a wide track cutting through the forest; crickets chirrup loudly and the occasional giant squirrel rustles overhead! At the end of the track, we transfer a short distance and walk to another trip highlight – Mini World's End, a lookout with panoramic views of the forests and peaks of the Knuckles range, down to the fields and villages of the foothills, and even, on a very clear day, to the Indian Ocean! Jeep trails take us to our night stop in Riverston; we camp at a riverside campsite with fantastic views over Manigala Rock. Night camp.

Trek approx. 5–6 hours (18km)

Day 5: Riverston - Gurulupotha: Rathna Ella Hike

This morning we transfer to the south-eastern part of the Knuckles Range, where our adventure continues. The Knuckles region covers only a small percentage of Sri Lanka's land, but is home to a significant proportion of the country's biodiversity, including more than a third of the country's endemic flora. You may see black eagles and kites circling high above, or hear shy grey langurs clambering agilely away. Today's walk starts from the guesthouse, and offers a great combination of authentic cultural experiences, beautiful scenery, and a refreshing dip in a natural pool. After passing some ruins and a small waterfall, we can stop for a break to try some tasty local snacks such as hoppers and rothi – good fuel for the rest of the day! After a fun, adventurous river crossing,

we continue uphill to Rathna Ella, a beautiful waterfall. If there's time we can have a dip in the pool – a real highlight. Return through forest and rice-paddies for a late lunch in the village; if there's time to look around, do make the most of this authentic cultural opportunity. We drive the remaining 30 minutes back to the guesthouse. Night guesthouse.

Total transfer time approx. 2 hours; Trek approx. 4 – 5 hours (14km)

Day 6: Gurulupotha: Moragaya Hike

Our toughest day today, with approx. 900m gain in elevation. A short drive takes us to a nearby village, where we set off through scenic fields. After crossing an elephant fence – a reminder of the diversity of nature here – the uphill starts in earnest! An old, disused colonial road takes us up through woodland, then old steps which climb up relentlessly, and finally emerge into open grassy slopes with amazing 360-degree views of valleys surrounded by forested mountains – look for yesterday's waterfall! Have a snack, and enjoy the sense of achievement, before descending to a small waterfall for lunch. Going down isn't always easier than up, and there will be a few aching muscles, but there's a chance for a dip before returning to the village through woodland. Night guesthouse.

Trek approx. 5-6 hours (15km)

Day 7: Gurulupotha - Kandy

We say goodbye to our friendly hosts, and start our drive towards Kandy. Our last day's trek breaks the journey and gives us some new views in the Knuckles! After approx. 2 hours' drive, we start walking through varied landscapes of village fields and tea country. The terrain is kinder to our muscles than yesterday, and it's a fairly gentle hike, mainly on good tracks, that allows us to soak up our last day in the hills. Enjoy the views across to the forested mountains, with distinctive tea-bushes blanketing the lower slopes. It may be possible to visit a tea factory before heading back down. This is an achievement to savour as we meet the awaiting vehicles and drive to our lovely hotel in Kandy, the cultural capital of Sri Lanka. This evening we have a great celebration to mark our triumphs over the past week, and the opportunity to watch a traditional dance. Night hotel.

Trek approx 5-6 hours; drive approx 2 hours

Day 8: Free Day Kandy

After a good night's sleep and a relaxing lie-in you have the day free to explore Kandy. There are plenty of fascinating sights, and you can shop for souvenirs or indulge in a lazy day and treat yourself to a massage. In the evening, we visit the impressive golden-roofed Temple of the Tooth, one of Buddhism's most sacred shrines as it houses a relic of the Buddha. Night hotel.

(Lunch and Dinner not included)

CHALLENGE INFORMATION

DETAILED INFORMATION

Leaders & Trip Support

Your trip will be led by experienced Discover Adventure leaders. Our leaders are selected for their experience in harsh wilderness environments, knowledge of travel in remote areas, friendliness and approachability, sense of humour and ability to safely and effectively deal with any situation that arises. They are also trained in expedition first aid. You are in very safe hands with a Discover Adventure leader. Usually leaders are based in the UK or other English-speaking countries and lead for us regularly throughout the year in many different countries. In some instances, trips are led by in-country guides with a wealth of knowledge about the region; they have been trained by us to provide the level of support expected on a Discover Adventure trip.

Local Support Crew

Our local support crew is made up of local guides, assisted by drivers, porters, cooks and other support staff, depending on the type of trip. Local guides know the area well, and are a great source of knowledge about local customs and lifestyles. Not all support crew will speak English well, but are very friendly and approachable. The Discover Adventure crew work closely with the local crew to ensure your trip runs smoothly and safely.

Your leader will arrange a collection of tips for the local support crew at the end of your trek, and you will be provided with a guideline amount in advance. Tipping is not obligatory, but once you see how hard they work on your behalf you will be happy to donate something! All our local crew are paid wages, but bear in mind that the average wage in many countries may be less than you would spend on an average night out.

Trip Safety

Your safety, and that of the rest of the group, is our highest priority. Our trips are designed and planned with safety in mind. Your crew will be equipped with communication devices (eg phones, radios and/or emergency satellite phones), medical kit and other safety apparatus appropriate to the destination. Our leaders always have access to our 24-hour emergency UK back-up. They are responsible for safety on the trip, and will make any changes to the itinerary they deem necessary, should local conditions dictate. Pre-trip administration - such as medical questionnaires and travel insurance as appropriate - is all done with your safety in mind.

Flight Information

Group flights usually leave from London Heathrow or Gatwick on scheduled airlines and are booked through Discover Adventure Ltd under ATOL licence 5636. By travelling with Discover Adventure you are protected by the Civil Aviation Authority (CAA).

Your journey may involve a transit en route; details of route and flight times will be confirmed several months before departure. We do not always use the same airline for each destination; if you wish to know the probable carrier and flight times, please call for details. You will usually receive confirmed flight details several months before departure. Our itineraries are always based on current flight schedules and are therefore subject to change by the airline. If you prefer to

book your own flights please ask us for a land-only cost.

Accommodation

Our campsites, often in the grounds of characterful forest bungalows, provide tranquillity and often an insight into Sri Lanka's culture or history. Sipping Ceylon tea overlooking magnificent views of the forested hills, creates the perfect contrast to an adventurous day of trekking. At the start and end of the trip we stay in well-located hotels of a very good standard.

Roomshare Arrangements

Accommodation is usually on a twin-share basis. Occasionally we may use hostel-style accommodation. Please tell us if you know somebody else on the trip that you would like to share with and we will try our best to accommodate your request. If you don't know anyone else in the group don't worry, we always pair you up with someone of the same gender, and a similar age where possible. We do not charge a single supplement if you are a solo traveller in a shared room.

Group Size

Your booking is part of a group challenge, and the tour costs and fundraising targets listed on our website are based on a minimum number of participants which is shown on the challenge. Our typical groups run with approximately 15-25 participants; however you may find your group is smaller or larger than this.

We will confirm at least 12 weeks prior to departure that your challenge is guaranteed to run. Occasionally it may be possible to still run the challenge with less than the minimum numbers, subject to a small group supplement. If we think a small group supplement may be necessary, we will discuss this with you as soon as possible, usually 5 months before your departure date.

Minimum numbers and groups sizes may vary on Bespoke Charity challenges. If you are booked onto a bespoke challenge please contact your charity for full details.

Food & Dietary Requirements

The food provided is plentiful, often local in style and freshly-cooked, and will give you plenty of energy. Sometimes we enjoy a buffet-style lunch-stop, other times we might have packed lunches. On some trips we stop at small local restaurants. Dinners are generally eaten at our accommodation each evening. In some regions there may be less variety than you are used to, and in others fresh meat or produce can be harder to come by. Any meals not included are listed in the itinerary and are generally on travel / free days, giving you the opportunity to explore and try other culinary experiences! There is always something to suit different budgets.

Being vegetarian or having other dietary requirements is not usually a problem provided you let us know well in advance. Please do not expect as much variety as you would have access to at home – we may be in very rural or remote areas, or among people of a different culture who may not understand your requirements, however willing they are to help. If you know there are plenty of foods you cannot eat we strongly recommend you bring extra snacks from home so you can top up your energy supply. Please feel free to ask us for advice.

Luggage

Your luggage, food, water and equipment is transported for you from one night-stop to the next. If there is easy road access this is done by vehicle; if not porters, mules or even camels might carry your bags, depending on the terrain.

Space is limited and hard-sided luggage is not suitable, so it is essential that your kit is packed in a soft bag, rucksack or expedition kitbag. Ask us about our specially-designed low-cost kitbags if you don't have one already. You should also bring a small daypack to carry for items needed during the day as you will not have access to your main luggage until the evening.

PREPARING FOR THE CHALLENGE

Fitness Levels

This is designed to be a challenge, and it is vital that you train sufficiently for it. We will supply you with a thorough training guide once you have registered. We expect all participants to train hard in advance, but we respect everyone's limits and do not expect everyone to maintain the same pace. Inadequate training is likely to have an impact not just on your chances of completing the challenge, but enjoying it too - and we want you to have the time of your life!

Our challenges attract people of all levels of experience, fitness and ability as well as all ages and backgrounds. We design our challenges so that everyone can go at their own pace: this is not a race. If you have concerns about your fitness or if you have reduced mobility please do contact us for a confidential chat about whether this challenge is appropriate for you.

For logistical and safety reasons we sometimes need to re-group, so the front-runners may find themselves waiting for the slower ones. Please relax, and remember that this is a team effort that enables people to achieve their personal goals and earn sponsorship.

Passport & Visa / Vaccinations

Entry requirements vary depending on your destination and nationality. It is your responsibility to ensure your passport is valid, and any visas are obtained in good time. Check the [FCO's advice](#) on entry requirements for your destination to be sure. Please ensure you allow plenty of time to apply for your visa; we will provide you with all necessary information 6 weeks prior to departure to assist with your application.

Your routine UK schedule of vaccinations should be up-to-date (especially tetanus). We recommend you check [Fit For Travel](#) for further details. You should always check with a GP or travel clinic for up-to-date travel health advice as it does change.

Clothing & Kit

We plan our trips around the optimal weather conditions, but could still be exposed to bad weather at any time. It is vital you are prepared for all conditions. We provide you with a detailed packing kit-list on registration, with plenty of

information, and we are always available if you need advice.

Cultural Differences

For most people, the main attraction of travelling to a different country is to see new sights and enjoy new experiences. Sometimes those new experiences can make life harder or more inconvenient than you may like, such as toilet hygiene or different food, or simply a different attitude to solving problems. This is all part of the challenge you are signing up for! We are very privileged to live in a country with a high standard of living, and travelling exposes us to different challenges – all of which help broaden our horizons. We can guarantee that coming face-to-face with experiences outside your normal 'comfort zone' will help you bond with your fellow participants and provide you with plenty of things to laugh about! A sense of humour and sense of adventure are two of the most important things to bring with you!

Cancelling your booking

In the unfortunate circumstance that you need to cancel your booking, we would ask that you notify us in writing either by post or email. Your cancellation will be considered effective from the date the notice is received. Registration fees and amendment fees are non refundable and, depending on your payment option and how close it is to your challenge departure date, you may be liable for a cancellation charge.

Full details of all cancellation charges may be found in the Terms and Conditions of booking.

Passenger Portal

We have a Passenger Portal which will give you more details of the challenge itself. It also enables you to see any outstanding information we need, the countdown to your challenge departure, see your outstanding balance, make payments and update your contact details. You can access this via the following link - [Passenger Portal Log in](#).

CHALLENGE EXTENSIONS

CULTURAL TRIANGLE EXTENSION

Sri Lanka has an impressive number of UNESCO World Heritage Sites for a small island, and many of them can be found in the Cultural Triangle, a treasure trove of historical wonders which are not to be missed!

This north-central region was the home of ancient Sinhalese royalty, which has left a golden legacy of ancient monuments, royal cities and Buddhist temples. Our route starts in Kandy, the southernmost point of the triangle, and takes in two more of Sri Lanka's historic capitals – vast, sacred Anuradhapura to the north, and well-preserved medieval Polonnaruwa to the east. In addition, we visit the incredible Dambulla cave temples, and, for some memorable wildlife-spotting, Minneriya National Park – famous for its population of wild elephants.

Sri Lanka's colourful culture is one of the undisputed highlights of any trip here; this is the perfect opportunity to make the most of your time, and discover the unforgettable sights of its Cultural Triangle. We base ourselves in a great, centrally-located hotel, adding a more relaxed vibe after the challenges of your main trip.

Min 2 pax

Single supplement: £200

Discover Adventure reserves the right to change the route or itinerary for safety reasons should local conditions dictate.

Please note: This document was downloaded on 17 Apr 2024, and the challenge is subject to change.
